Ingenico Tetra MOVE 5000 RTS

Ideal for mobile use

With its compact dimensions and powerful battery, the MOVE 5000 RTS is ideal for mobile use. The high-resolution touchscreen makes it easier to capture signatures using the stylus and navigate the user interface. The touchscreen also simplifies the operation of bonus and loyalty systems, in addition to the sale of prepaid cards and gift certificates. The integrated high-performance battery enables long runtime for mobile use.

- PCI PTS 6.x, TA 7.2 and DC POS 3.0 certifications
- Contactless payments with all cards, smartphones and smartwatches
- Ideal for capturing digital signatures thanks to its touchscreen display
- Integrated high-performance battery ensures long operating times
- Versatile for both mobile and stationary use

Performance

With its powerful Cortex A5 processor and Telium technology, the MOVE 5000 RTS delivers the performance required in all payment scenarios, thereby ensuring smooth transactions with short processing times.
