Verifone P630 Plus

Easy acceptance of all payment methods

The Verifone P630 Plus impresses with its powerful performance and guarantees fast and secure transactions. The P630 Plus integrates seamlessly into business processes, offers an impressive range of features and high performance, and is also equipped to handle future requirements and upgrades.

Thanks to its PCI PTS 6.x certification, the P630 is future-proof and, based on the Android OS, can be expanded with additional business apps that extend its functionality.

- PCI PTS 6.x, TA 7.2 and DC POS 3.0 certifications
- Powerful Qualcomm Snapdragon processor and increased memory for high-performance operation and improved app performance
- Smooth and fast transactions with a wide range of connectivity and communication options for optimal POS integration
- Smart cable and mounting solutions for seamless POS integration

Performance

Powered by the high-performance Qualcomm Snapdragon processor, the P630 Plus delivers the necessary performance in all payment scenarios, ensuring smooth transactions with short processing times.
