Verifone V660c

Simple Acceptance of all payment methods

The Verifone V660c impresses with its powerful performance and guarantees fast and secure transactions. The V660c integrates seamlessly into business processes, offers an impressive range of features and high performance, and is also equipped to handle future requirements and upgrades.
Thanks to the contactless reader positioned above the display, it supports not only all contactless-enabled cards but also NFC-enabled smartphones and smartwatches.

- PCI PTS 6.x, TA 7.2 and DC POS 3.0 certifications
- Brilliant 5.5-inch multi-touch display with video and audio support
- Scan barcodes and use QR code-based payment methods with the front and rear cameras
- Ideal for digital signature capture thanks to the touchscreen
- Smooth and fast transactions with Ethernet and Wi-Fi connectivity options

Performance

Equipped with a powerful Qualcomm Snapdragon processor, the V660c delivers the necessary performance in all payment situations, ensuring smooth transactions with short processing times.
