

Verifone V400c

Compact terminal for your business

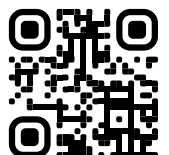

With its Cortex A9 processor, the V400c offers ideal performance in any payment situation. The 3.5-inch color touch display makes it easy to operate the terminal. With its large memory capacity, further functionalities can be easily integrated in the future.

The integrated high-performance printer, together with its WLAN capability, makes the V400c independent of LAN connections and external printers. The conveniently placed NFC interface in the display area enables contactless payment with all contactless-enabled cards, smartphones and smartwatches.

- ✓ Slightly tilted touchscreen display enables easy operation and readability
- ✓ Tempered glass offers high break resistance
- ✓ Integrated high-performance printer and WLAN offer high flexibility
- ✓ Fast processor enables the right performance for the transaction process at any time
- ✓ Future-proof thanks to PCI PTS 4.x, TA 7.2 and DC POS 3.0 approvals
- ✓ Contactless payment with all cards, smartphones and smartwatches
